

Digital Transformation Assessment

Simple. Affordable. Rapid Alignment.

(SEA)RESULTS® is a software-as-a-service platform designed to deliver actionable, rapid digital transformation insight that is more cost effective and faster than traditional consulting methods, saving you precious time and resources.

We partner with your institution over the long-term and stay beside you throughout the entire digital transformation lifecycle...from assessment to measurement. Delivering Human Expertise at the Speed of Technology.

ASSESS

Quickly align your stakeholders and obtain a comprehensive assessment and digital plan.

PLAN

Plan and prioritize your digital investments and align them to your strategic mission.

TRANSFORM

Transform rapidly operationally, organizationally and technically utilizing Expert Engagements with Higher Digital.

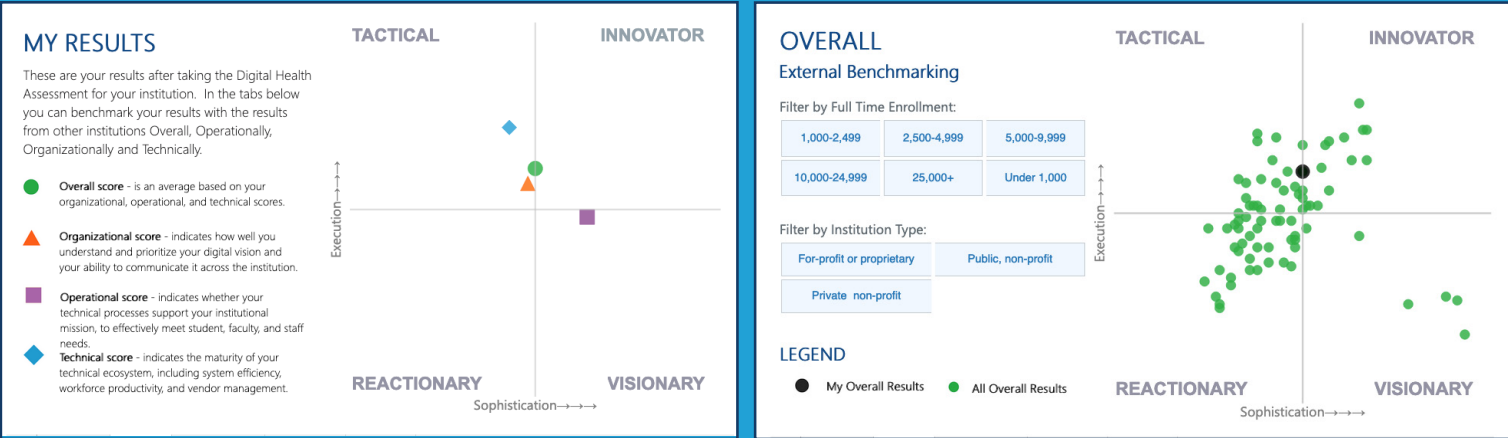

MEASURE

Measure progress towards your goals against your own key performance indicators (KPI's).

Try our free Digital Transformation Assessment service today, and see instantly how we assess your organizational, operational and technical health, and benchmark your results against other global institutions.

(SEA)RESULTS® HELPS SOLVE THE FOUR MOST COMMON PROBLEMS WITH DIGITAL TRANSFORMATION:

- 1) Slow and time-consuming process to obtain an actionable diagnostic of your institution
- 2) Expensive, project-based consulting engagements with few measurable results
- 3) Lack of clear analytics and industry benchmarking data to help you pinpoint priorities
- 4) Bureaucratic and organizational communication challenges to align key stakeholders and groups

(SEA)RESULTS® FEATURES:

Full Institutional Diagnostic

Receive a ~15 page custom report that details your risks, strengths, recommendations, and key performance indicator recommendations. Serves as foundation and critical component of a strategic plan.

Rapid Internal Alignment

Internal quad mapping for each anonymous stakeholder and quickly determine consensus and areas of greatest need.

360 Degree

A complete 360 degree digital transformation assessment that includes how your organization, operations and technology inter-operate and identifies areas for improvement.

Gap Analysis (Delta Report)

A 5-8 page custom report that assesses internal organizational, operational, and technical weaknesses and provides an action plan for stakeholders.

Industry Benchmarking

Anonymously compare your institution across 4 dimensions: operational, organizational, technical and overall.

Filtering

Compare how your institutional is benchmarked across similar institution type, size, and location.
